

News Release

29 June 2023

For Immediate Release

Victoria, BC

Boaters will see improved stern ties when visiting Jedediah Marine Provincial Park. The stern tie pins and chains in Deep Bay have been upgraded with the replacement of several pins and all of the chains with galvanised materials. In addition, a hi-visibility marker has been added to make each of the 17 stern ties visible along the shoreline. This project was initiated by the BC Marine Parks Forever Society and completed by the Park Operator, Innovative Aquaculture Products Ltd of Lasqueti Island. The Society supplied all materials and shared

the installation costs with BC Parks.

Boaters will find that using stern ties has many advantages over swinging on their hook. Safety is enhanced as clambering over slippery rocks is eliminated. Trees will no longer suffer abrasions. The seabed will also enjoy less scouring from anchor chain being dragged around. Go to www.bcmpfs.ca for more information on BC Marine Parks Forever Society. Information on Jedediah Island is at: www.bcparks.ca/jedediah-island-marine-park/
