About the Parking ...

This year we've lost a few parking spaces in our site plan because we can't set up our food tent on our newly planted front lawn. So when you come down to the club, please consider ridesharing on Round Saltspring weekend, observe parking signs and do not park in a space that's reserved for someone else. Thank you!

It's Not Too Late to Join the Team!

Sign up today and join our great Round Saltspring volunteer team! We can always use more willing hands, and you'll have fun and make friends along the way.

Let's come together to make this year's event the best one yet!
See you there!
